

### Research Request for Support

The RCM is an organisation that has research evidence at its core and is committed to enhancing the research capacity and capability of midwives for the benefit of women, babies and families. The RCM's Research Strategy can be found here: <https://www.rcm.org.uk/media/4373/research-and-development-strategy-a4.pdf>

All research studies that are published on the RCM website must include a lay summary of the study, a logo (if applicable), accompanied by a photograph and short biography of the lead applicant. To ensure all studies listed are current, they will remain on the website until the end of recruitment.

If you would like the RCM to support your research by including it on the RCM website, please complete the form below and email it to the RCM's Research Advisors Jenny Cunningham and Jude Field at [research@rcm.org.uk](mailto:research@rcm.org.uk)

Each request is considered by the RCM Expert Clinical Advisory Group (ECAG). The group meets fortnightly, and a decision will be usually made within four weeks from date of submission providing all the necessary information is provided. It will be at least two weeks from the decision to support a study for the information to be published on the website.

	Please complete - boxes will expand to accommodate your text
Title of study	
Lead Applicant (name, profession and institution)	
Co-applicants (name, profession and institution)	
Funding institution (please provide name of funding organisation and type of award)	
Are you or someone in your team a midwife <b>and</b> a member of the RCM?	Yes/No
What support would you like from the RCM?	
Ethics review if applicable (Please provide details of ethics approvals obtained, committee and reference)	
Research start date	
Expected completion date	
Lay summary (500 words max)	
Scientific summary (1000 words max)	
PPIE involvement (500 words max)	
How does this research deliver against the RCM strategic objectives? <a href="https://www.rcm.org.uk">Our strategic objectives (rcm.org.uk)</a>	

How are you planning to disseminate your study findings?	
Short lead applicant biography (150 words max)	
Do you agree to provide a lead applicant photograph	Yes/No
Does your study have a logo	Yes/No
Name of person submitting application	
Date of application
